Formidra is renewing its flagship model, DADA PIÙ, combining ecological hybrid 40L-capacity technology with a hot water intake to ensure that hot showers are available whatever the number of users.

The mixers' high quality finishes in stainless steel, the adjustable shower head and the hand shower make of the Dada Più a product of exception.

Design**

The combination of stainless steel effect and tropical wood at the centre of the shower gives it the elegant touch of a prestige shower.

**Intuitive and precise use**

As with the rest of the Dada range, the Dada Più is equipped with a solar heated hot water mixer as well as a mixer for the main water supply.

Each mixer is marked with a laser engraved symbol for quick identification.

Select between shower head or hand shower by turning the top knob.

 + 

The DADA line not only includes FORMIDRA solar technology but also a hot water inlet from the main supply of the house. This way, you benefit not only from 100% solar hot water, but also from hot water drawn from the domestic supply when necessary.
