The only multi-technology solution accessible to people with reduced mobility, delivered with all accessories required.

By using both the Full Spectrum Quartz + Magnesium Infrared technologies and the steam stove, Combi Access is equipped with a double sliding door and has a large 1.50 m diameter open area for a wheelchair to easily move around. Access to the bench is facilitated by its two lateral grab handles and two other folding handles in the centre of the seating. And to ensure you make the most out of your session, remote front emitters are on hand.

A Harvia stove and accessories are included.
